# Making New Friends

The more friends, the more fun! Today Olaf, Elsa and Anna are spending time in the castle ground with some animal friends. Join the team: Start by helping Olaf find the path to the pretty butterfly and avoid the obstacles.

Anna adores watching mama duck and her little ones following in line! Study the first row and **spot** the details that have changed below!

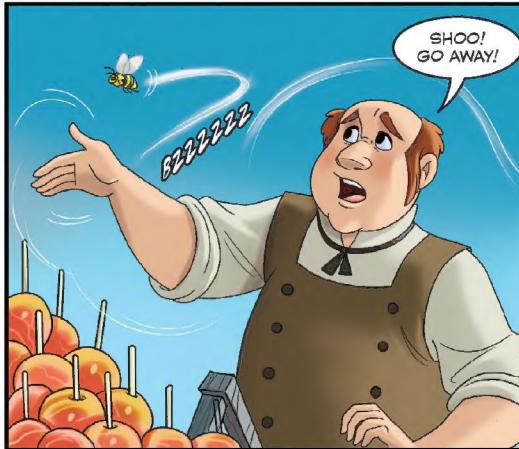

**BIG BUZZ!**

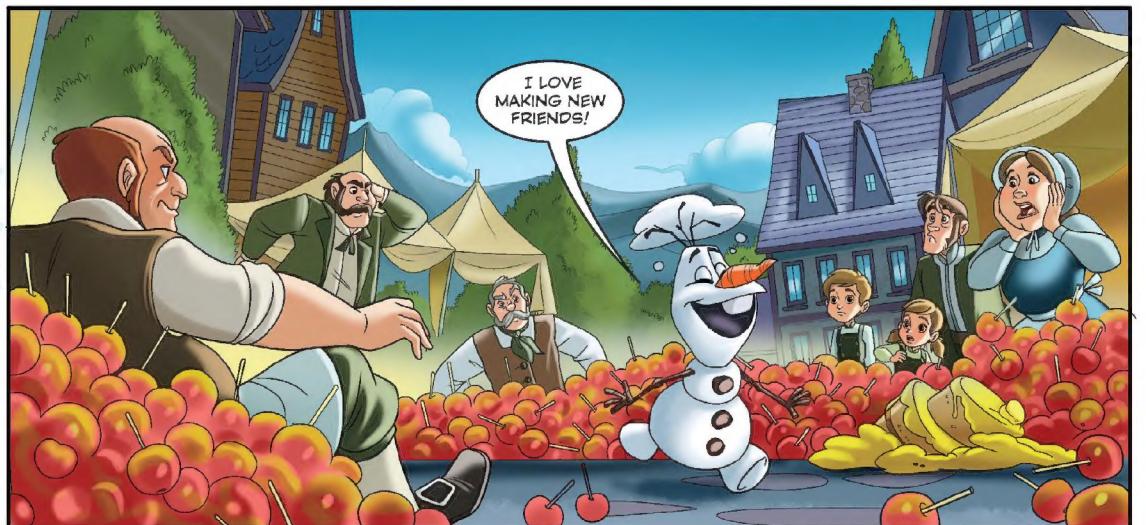

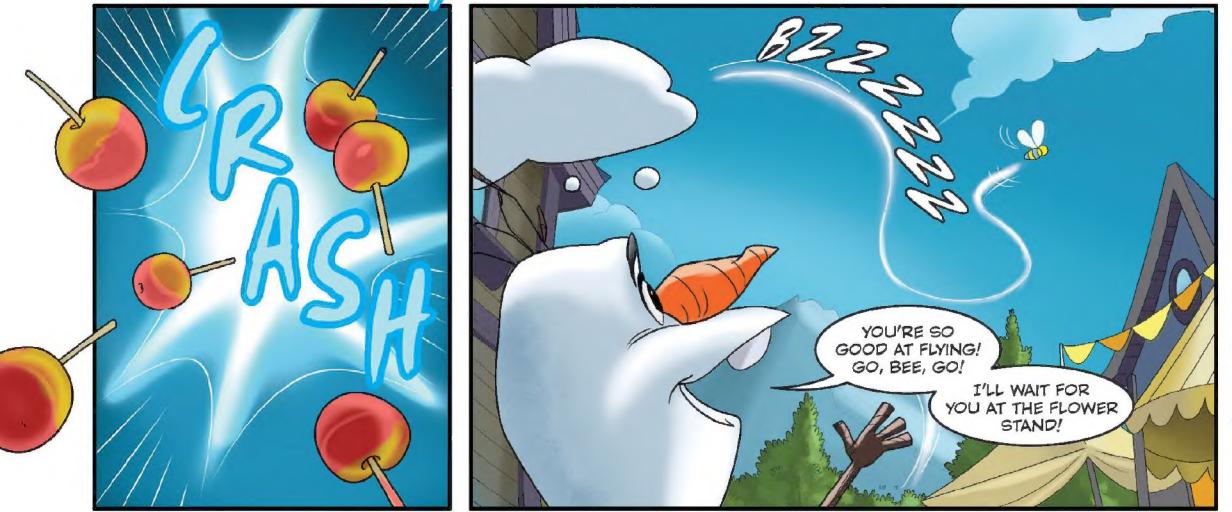

The bees are good friends to Olaf's and today there are so many! Count them all.

# Stinging Friend

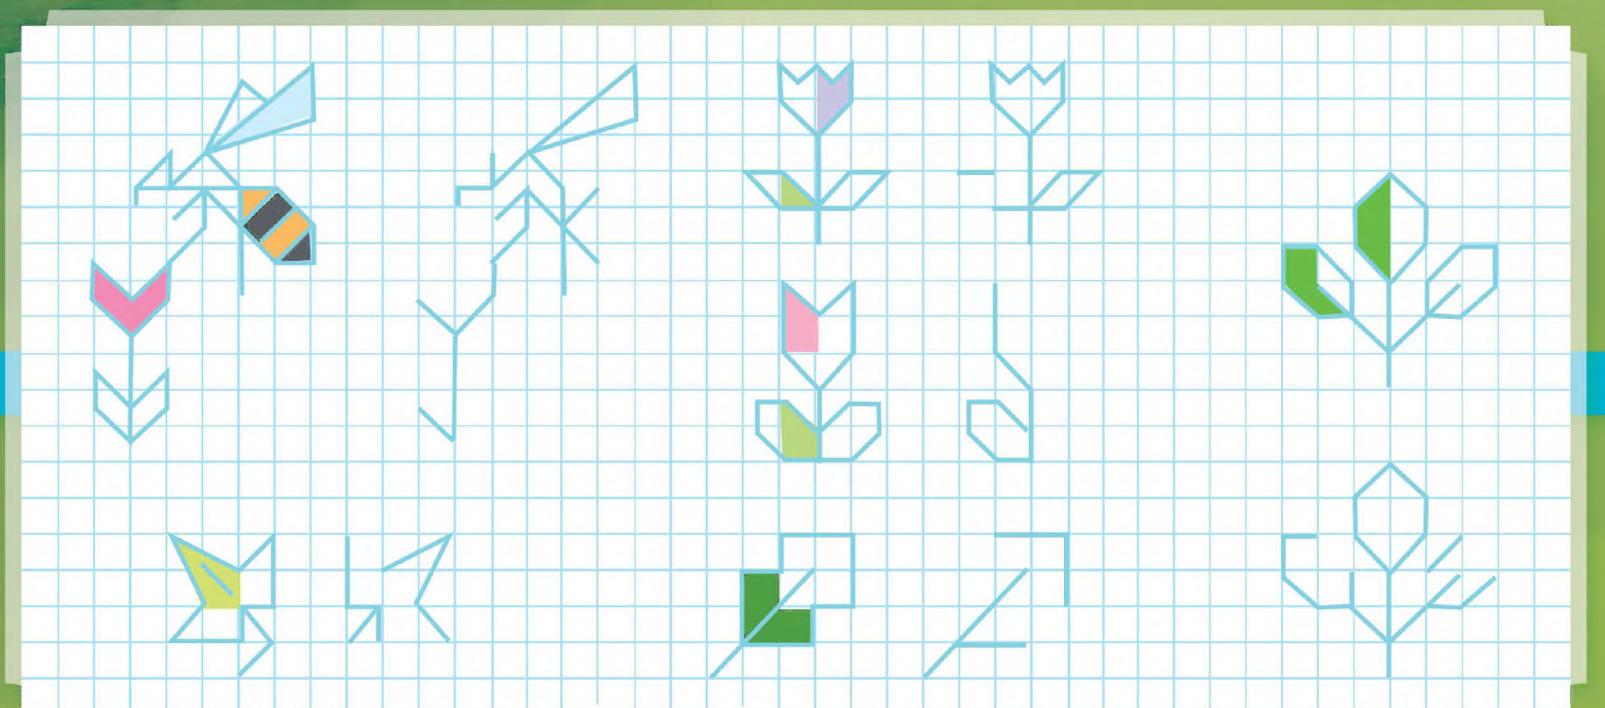

Nature is harmony! Olaf enjoys a warm afternoon with Anna and Elsa, observing flowers and bugs. It looks like everyone has their own perfect match! Use the squares to **draw** a copy of the second element of each couple, then **color** them all!

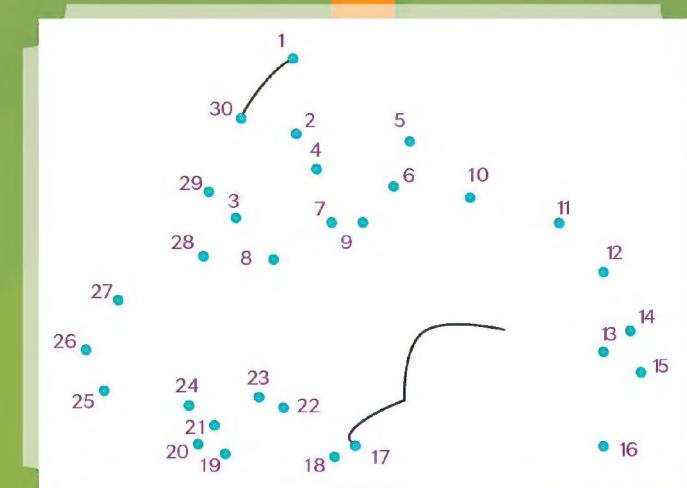

### FLORAL FUN

To celebrate their friendship, Elsa and Olaf wear flower decorations. Take your cue from the example to **color** this scene.

### ONE MORE FRIEND

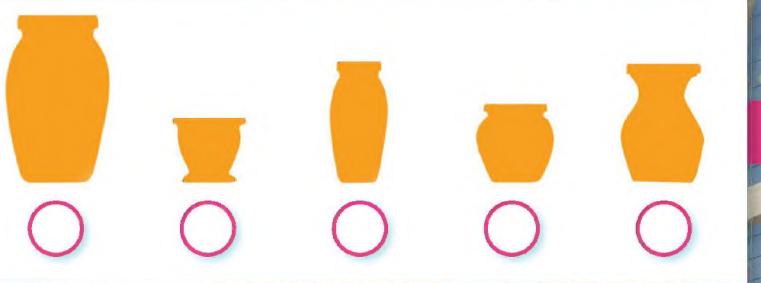

Who surprises our friends from underground? **Connect the dots** to find out!

The Honey Festival is always a big hit, filling Arendelle with a friendly atmosphere for all. **Spot** the objects below in this lively happy scene: The numbers show how many times each one appears.

# Village Festival

HEALTHY AND SWEET

No one goes home without a supply of fresh honey! There are lots of different varieties, to suit all tastes. Take a look at the silhouettes and **check off** the three ones that **match** the jars in this scene.

MERRY TIMES

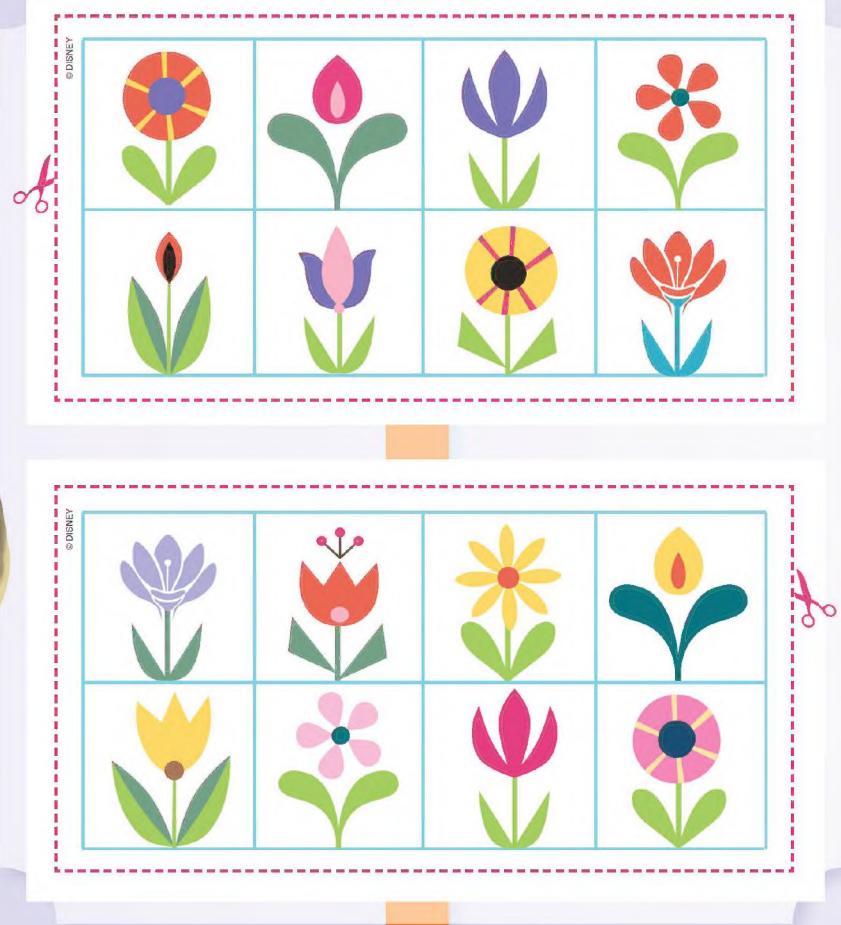

On their way back, Kristoff and Anna recall the details of this day's wonderful celebration. **Match** the blanks with the ones shown below to complete their sweet memory.

# Flower Bingo

Put your artistic skills to the test: **Cut out** the flowers and the cards for this fantastic bingo set! Then join a friend for loads of fun!

## HOW TO PLAY

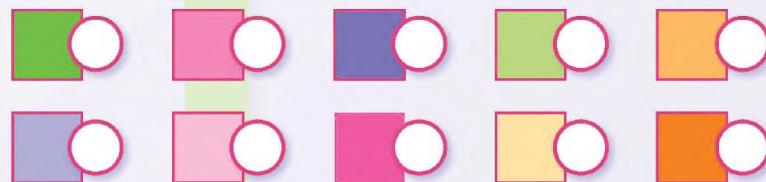

**Cut out** the cards, **glue** them to cardstock and trim the edges. Each player takes one card. Then **cut out** the flower sections on the next page along the outer dotted lines. **Glue** them to a different cardstock as well, then **cut out** the single flowers and place them in a small bag.

Take turns picking one flower at a time from the bag. The first player to **complete** his or her card wins.

## GIFTS OF NATURE

**Color** the dotted sections as indicated, then **check off** the color that appear in all three drawings.

# To the Snowgies!

Hurry up, Olaf! His friends, the snowgies, are expecting him, and he can't wait to meet them at the Ice Palace. Help Elsa show him the way through the snow crystals: **Follow the path from 1 to 15**, moving either vertically or horizontally.

A KEEN EYE!

Look at these three snow crystals: A missing detail makes each of them different from the others. **Spot** them on the grid and **write** their numbers in the blanks.

Get different color buttons:  
Buy them in stores or take them  
from clothes you no longer wear.

Double up a piece of string and  
thread it through two of the four  
holes in a button, as shown.

Repeat the operation described  
in step two and thread another  
piece of string through the holes.

Tie the four ends of the strings  
together. The more friends you  
have, the more buttons you'll need!

# The Strangest Sheep!

Olaf's excited whenever he's with his pals, the snowgies!

Look at the squares that have been removed from this scene, and write the letters marking their positions in the blanks to complete the puzzle.

# Share in the Fun!

## ONE OF A KIND

Spot these three snow crystals in the jumble: They each appear only once.
